## THEME OF CONFERENCE

The "Conference on Innovations in Science and Technology" will serve as a dynamic platform where pioneering ideas converge to shape the future of scientific advancement. With a focus on fostering collaboration and showcasing breakthroughs, this event will bring together leading researchers, scholars, and industry experts from all over India. The overarching theme revolves around harnessing innovation to address pressing challenges across various domains, from healthcare and biotechnology to artificial intelligence and renewable energy.

Attendees can expect a rich tapestry of discussions, presentations, and workshops exploring cutting-edge research, emerging technologies, and their real-world applications. Through interdisciplinary exchanges and networking opportunities, participants gain insights into the latest trends, forge valuable partnerships, and inspire novel solutions to complex problems.
